Hi Sonja,

That is correct you will both be on call tomorrow. We will call you as soon as we know what is happening.

Thanks,

John

Hi John-

I'm under the impression that Jim Hanchett has already contacted about the [REDACTED] case scheduled for trial tomorrow and that we are both on-call. Is this correct? I wanted to let you know that I do have a doctor's appointment early tomorrow morning, but I should be done and back to the lab by 9:30am, so that should not be a problem. Also, a Superior Court ADA in Springfield emailed yesterday afternoon informing me of a case that she was called in for and asking me for my availability for the rest of this week. I told her about your case and I'm sure that she will do everything to work around it, but if the judge isn't willing to work with this, then I may have a scheduling conflict, and I will definitely make sure I let you know as soon as I know. Thanks.
